CONDITIONS OF SALE.

Please Read Sale Terms Before Bidding.

This is a bona-fide sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within **30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it.

My rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable references, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c and 15c on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. I cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

SPECIAL NOTICE.

All bids are subject to the printed sale terms.

New bidders unknown to me should send a cash deposit of 25% of their bids. The unused portion will be returned. Or send me a bank reference.

Write Mr. Elder for estimate of value of any lot in this fine sale. Be sure and bid on the right lot. I cannot correct such errors. Bid by the piece in a lot, not so much for the entire lot. No lot will be separated. You cannot buy one piece out of a lot. I'll try and buy lots as cheaply as possible, so bid on many lots and as high as you can. Bids at merely **gold value** will not be entered. I am not auctioning off old gold—and every lot in the sale is worth more than melting value. To all the bidders at my May and September 1938 sales I send sincere thanks for their faithful support which I have greatly appreciated.
